WORK EXPERIENCE

R. Mikel Marketing

Nov. 2025 – Present

Web Application Developer

Siaton, Philippines

- Built and maintained a business operations application using Python, Flask, PostgreSQL, SQLAlchemy, psycopg, Jinja2, and JavaScript.
- Managed the full development lifecycle, including database design, feature planning, debugging, testing, and ongoing enhancements based on real business needs.

Sites at Scale

Dumaguete City, Philippines

WordPress Developer / Web Technician | Jun. 2023 – Oct. 2025

- Managed and maintained 100+ WordPress websites across eCommerce, service-based, and personal brand industries, ensuring reliable performance and timely client updates.
- Built and customized pages using Elementor, Divi, WPBakery, and Beaver Builder.
- Improved site speed and usability through PageSpeed Insights-driven optimization, troubleshooting, and ongoing maintenance.
- Implemented SEO with various tools, used Zapier and GoHighLevel for automations, and assisted with custom plugins, payment gateway maintenance, and API integrations.
- Resolved 1,800+ support tickets involving WordPress updates, content changes, layout fixes, plugin issues, and performance improvements.

Intern (Web Technician) | Jan. 2023 – Apr. 2023

- Assisted with support tickets, QA, plugin research and testing, mockup site builds, and troubleshooting on live WordPress websites.
